ANNOUNCING THE APPOINTMENT OF DON MAHLANDT

Renaissance Nutrition, Inc., announces the appointment of **Don Mahlandt** as a nutrition, feed and farm management consultant for Lancaster County, Pennsylvania. Don received his Bachelor of Science degree from St. Louis University and then served in the United States Air Force. He began his professional career as a sales representative for an industrial chemicals company, before transitioning to a territory manager in the livestock feed industry. Don then worked as a Dairy Feed Sales Director, where he supervised feed sales and marketing programs, in addition to managing multiple sales personnel. Under his leadership, the company saw vast increases in net sales and customer satisfaction.

Don comes to Renaissance with more than thirty years of dairy and feed industry experience. He enjoys all aspects of farming ... from nutrition and cow management, to the impact of agronomy and forages on a ration program. Don appreciates the everyday challenges faced by dairymen, desiring to help producers find results through advanced ration formulations, professional nutrition consultations, calf, heifer, transition and lactating cow programs, and much more. He is an excellent resource for your farm management team, providing a greater level of understanding, appreciation, and commitment for your farming operation. With previous experiences and ongoing training by Renaissance, Don's ultimate goal is help each and every producer find solutions for increased performance, productivity, and profitability.

Don Mahlandt maintains an office in East Petersburg, Pennsylvania, while traveling throughout Lancaster County. He has access to a broad inventory of products for dairy and livestock producers. If you are looking for personal, professional service and on-farm assistance, quality products, or to schedule a meeting, Don can be contacted at **717.715.7562** or by email at: djmahlandt@gmail.com.

Renaissance Nutrition, Inc., headquartered in Roaring Spring, Pennsylvania, provides professional nutritional services and quality products to the agricultural industry, with a team of highly experienced nutritional and farm management consultants. These specialists provide services to farms throughout the northeast, south, Midwest and northwest regions of the United States, as well as eastern Canada.
