

WE SUPPORT THE DAIRY INDUSTRY! **& we invest in agriculture every day.** **How About You?**

There's a lot of talk about dairy and agriculture these days... but we want you to know the facts! Join us in supporting the many hardworking and productive dairy, livestock and crop producers throughout our area... and our nation.

They are helping to feed America and the world.

- Dairy products are among the safest foods you can eat and enjoy ~ from milk and yogurt, to ice cream and more!
- Research indicates that dairy products contain CLA's that have been shown to be effective in the fight against certain types of cancer.
- Dairy products offer consumers many nutritional benefits for a strong and healthy body.
- Our consultants offer quality dairy/livestock nutrition, providing cows /livestock with the essential nutrients needed for body maintenance and productivity.
- As a company, Renaissance stands behind their consultants, manufacturing quality products that can make a difference on the farms they service; providing technical support through our Help Desk staff of nutritionists and a veterinarian; staying up-to-date on nutritional and farm management research; and helping producers to better manage their financial concerns.
- Today's farmer knows the importance of livestock comfort as a critical element that can enhance an animal's ability to stay healthy and produce to their genetic potential.
- In America, we spend about 10% of our income on food – some of the safest and most nutritious food in the world... while other nations spend upwards of 25% of their income! We want to preserve this national treasure.
- A healthy agricultural economy is the basis for a healthy national economy!
