

# RENAISSANCE POULTRY PREMIX

Renaissance Nutrition's Poultry PreMix is a convenient base mix, so you don't have to buy separate ingredients or worry about an accurate mixture of microingredients.

## Features of Renaissance's Poultry Premix:

- Convenient/Economical- Using a base mix saves on purchasing several ingredients separately...saves time, saves money. Formulated using the latest advances in poultry nutrition. (Commercial Poultry Nutrition - Leeson and Summers 2005)
- Reliability- You don't have to worry about having a reliable mix of the base mix ingredients when we do it for you.
- Flexibility- works equally well for broilers or layers.
- Improved Vitamin Profile – Including biotin, folic acid, Pantothenic Acid, B12, pyridoxine and thiamine.
- Balanced Trace Minerals – Includes a careful balance of trace minerals (including selenium) to meet the nutritional requirements of the bird.

## Poultry Premix also features:

- Yeast Culture is a proven source of yeast and its metabolites for enhanced meat or egg production.
- Fish Meal is an outstanding source of protein and amino acids that provides multiple proteins in the final ration.
- Salt is included. You don't have to worry about buying it separately.
