

FIBER-FORCE™

INTRODUCING FIBER-FORCE... A Product for Results!
High producing cows benefit from consistent, quality nutrition & the many benefits gained from improving the digestibility of their feedstuffs.

This product can really help them perform!

- *Formulated to provide the ultimate combination of fiber digesting enzymes, minerals and probiotics*
- *Include ingredients that help stimulate the growth of rumen fungi and bacteria, causing faster and more complete fiber fermentation*
- *The benefits of improved fiber digestion include reduced “heat of fermentation”, lowering body temperature – especially important in hot weather*
- *Expect an increase in milk production and butterfat percent (%)*
- *This product is especially helpful when forages are changing and to get maximum value out of forages*

FEEDING RATE – 1-2 Ounces

Available in a 25 lb. Bag or 20 g Capsule
